

September 2, 2015

Dear Friends and Supporters:

The Newfoundland and Labrador Brain Injury Association wishes to inform our sponsors, players, supporters and volunteers of a decision made to **postpone** the Eleventh Stephen Lush Golf Tournament until the Spring of 2016.

This decision was made necessary by a combination of many factors chief of which was a slow start to the 2015 golfing season caused by our unfavourable weather conditions . Also we had a very busy and successful early summer when we had our Annual Dinner as well as a trip to Government House to honor our volunteers. Those activities caused extra work and responsibility for our limited staff and dedicated volunteers. Additionally, two general elections called back to back, are causing tremendous demands on many of our sponsors, players and especially our volunteers many of whom are busily engaged in the various political camps.

Therefore, in view of all those circumstances and events, it was thought best for all concerned to postpone the golf tournament for 2015.

The NLBIA expresses its sincere appreciation and gratitude to our dedicated volunteers, sponsors, supporters and players and look forward to your continued support in assisting the Association in achieving its signature major objective of improving and enhancing the quality of life for all those affected by brain injury.

You will be notified of the rescheduled date of the golf tournament in the Spring of 2016.

Sincerely,

TOM LUSH
