

# NEWFOUNDLAND & LABRADOR BRAIN INJURY ASSOCIATION

## **For Immediate Release**

### **NL Brain Injury Association AGM Public Invite**

The NL Brain Injury Association Annual General Meeting is taking place in person and Zoom on Wednesday September 23rd, 2020 at 7pm at 31 Peet Street, 2nd. floor boardroom. The building is wheelchair accessible and we can accept up to 25 participants in person. We would like to extend an invite and ensure safety measures will be in place. Masks will be provided to attendants and hand sanitizer station.

Currently, the volunteer board has 8 directors, 4 executive; President, Vice President, Treasurer and Secretary. Anyone can become a board member to assist the association in supporting and advocating for brain injury survivors in the province of NL and would be required to remain in this position for 1 year term.

As the only organization in the province assisting brain injury survivors, we are the first point of contact and liaison between hospitals to rehabilitation for anyone who has suffered a brain injury. We also provide educational material to the business community to end the stigma associated with brain injury and develop tools to advocate for brain injury survivors and brain injury prevention.

We are seeking people from across the province that would like to become involved to create more awareness and develop funds to help the association operate. Deadline to register as a participant at our AGM is 430pm, September 21, 2020. Please call 709-221-1288 or email for zoom link [info@nlbia.ca](mailto:info@nlbia.ca).
